PROFILE

I am an HNDIT (Higher National Diploma in Information Technology) student with a strong interest in UI/UX design. I enjoy creating simple, attractive, and user-friendly designs using Figma. Through my academic projects, I have learned to create wireframes, prototypes, and responsive user interfaces. I am eager to learn new skills, gain real industry experience, and grow as a UI/UX Intern. My goal is to become a successful UI/UX Designer.

ACADEMIC PROJECTS

Nexora Petal Bar (Online Flower Shop) | Figma, HTML, CSS, Bootstrap, JavaScript, PHP, MySQL

- Designed a simple and user-friendly interface using Figma.
- Created responsive web pages using HTML, CSS, Bootstrap, and JavaScript.
- Developed the backend using PHP and MySQL.
- Improved my UI/UX design and web development skills through this project.

Monkland Cheese Dairy Website Redesign | Figma

- Redesigned the user interface of the Monkland Cheese Dairy website using Figma.
- Improved the website layout, navigation, and overall user experience.
- Created a clean, modern, and responsive design with a consistent visual style.
- Focused on making the website more user-friendly and visually appealing.

Your Choice Our Dress (Clothing Website) | Figma, HTML, CSS, Bootstrap, JavaScript

- Designed the user interface and layouts using Figma.
- Created responsive web pages using HTML, CSS, Bootstrap, and JavaScript.
- Focused on a clean, user-friendly, and attractive shopping experience.
- Improved my UI/UX design and frontend development skills through this project.
