SUMMARY

HNDIT student focused on UI/UX design and frontend development, with hands-on experience creating wireframes, prototypes, and responsive interfaces for academic and personal projects. Skilled in Figma, HTML, CSS, Bootstrap, JavaScript, PHP, and MySQL. Interested in building clean, user-friendly digital experiences and growing into a UI/UX Designer role.

PROJECT EXPERIENCE

Nexora Petal Bar (Online Flower Shop)

- Designed a simple, user-friendly interface in Figma and built responsive web pages using HTML, CSS, Bootstrap, and JavaScript. Developed backend functionality with PHP and MySQL, strengthening practical skills in UI/UX design and web development

Your Choice Our Dress (Clothing Website)

- Designed a clean, user-friendly interface in Figma for a clothing website focused on a simple and attractive shopping experience. Built responsive web pages with HTML, CSS, Bootstrap, and JavaScript, improving frontend development skills.

Little Lotus Nursery (Nursery Website)

- Designed a simple, clean, and user-friendly nursery website interface in Figma. Created layouts and prototypes focused on easy navigation and an attractive user experience. Improved UI/UX design and prototyping skills through the project.
