SUMMARY

HNDIT student at SLIATE (2024-Present) specializing in user-centered design.
Created 3+ website designs with focus on clean navigation and simple user flows.
Experienced in Figma with wireframing, auto-layout, components and interactive prototyping.
Seeking a Paid UI/UX Designer Intern opportunity to apply design thinking and grow with a professional team.

PROJECT EXPERIENCE

Little Lotus Nursery - Nursery Website

* Figma | Wireframing | Prototyping | User Flow
Designed a simple, clean, and nature-inspired nursery website interface in Figma.
Created layouts and interactive prototypes focused on easy navigation for parents.
Improved UI/UX design and prototyping skills with auto-layout and components.

Nexora Petal Bar - Online Flower Shop

* Figma | User Flow | High-Fidelity Design
Designed end-to-end UI in Figma for online flower shop (Home, Product, Cart, Checkout, Payment).
Created high-fidelity prototype focusing on simple and attractive shopping experience.
Collaborated on full-stack implementation (PHP/MySQL) to understand design-to-development handoff.
